FATHIMA BEEVI

Full Stack .NET Developer | ASP.NET Core MVC Expert

Dubai, UAE • +971 524101311 • skyclrcode01@gmail.com • linkedin.com/in/fathima-shabeer • github.com/fathima-Shabeer/ReadMe•Portfolio

PROFESSIONAL SUMMARY

A highly skilled and certified Full Stack .NET Developer with expert-level command of the ASP.NET Core framework and C#. I bring extensive, hands-on experience architecting and building complex, enterprise-level applications from the ground up, including E-Commerce, HMS, and ERP systems. My approach is rooted in writing clean, scalable, and maintainable code following SOLID principles and Clean Architecture. As a certified .NET Specialist, I am passionate about solving complex problems and am now seeking a challenging role in Dubai where I can contribute to building innovative software solutions.

TECHNICAL PROFICIENCIES

- **Backend & Languages:** C#, .NET 8/7/6, ASP.NET Core (MVC, Web API), Entity Framework Core, LINQ

- **Frontend Technologies:** HTML5, CSS3, JavaScript (ES6+), jQuery, AJAX, Bootstrap 5, Responsive Design

- **Databases & Data Access:** MS SQL Server, T-SQL, Database Design & Normalization, Performance Tuning

- **Architectural Concepts:** SOLID Principles, Clean Architecture, Repository Pattern, RESTful API Design

- **Authentication & Security:** ASP.NET Core Identity, JWT, Role-Based Access Control (RBAC)

- **Cloud & DevOps:** Microsoft Azure (App Services, SQL Database), Git, GitHub, Docker (Containerization)

- **Development Tools & Practices:** Visual Studio 2022, VS Code, Postman, Swagger/OpenAPI, Agile

- **Testing:** xUnit, NUnit, Unit Testing, Test-Driven Development (TDD) principles

PROFESSIONAL PROJECT EXPERIENCE

Lead Developer | Full-Stack Multi-Vendor E-Commerce Platform
Independent Project | 6 Months

- Architected the solution using **.NET 8** and **Clean Architecture**, separating concerns for maximum maintainability.

- Implemented a secure user management system with **ASP.NET Core Identity** for Admin, Vendor, and Customer roles.

Technologies: C#, .NET 8, ASP.NET Core MVC & Web API, EF Core, MS SQL, Stripe API, Docker, Bootstrap 5, jQuery.

LOCATION & VISA

Location: Dubai, UAE
Visa Status: Tourism-Single-60 days
Nationality: Indian

KEY COMPETENCIES

- Full Stack Development

- Complex Problem Solving

- Clean Code & Architecture

- Project Leadership

- Agile Methodologies

- Fast Learner

Full Stack Developer | Hospital Management System (HMS)
Independent Project | 5 Months

- Developed a secure patient portal for viewing medical history and managing appointments.

- Implemented a sophisticated **Role-Based Access Control (RBAC)** system to ensure strict data privacy and HIPAA compliance standards for Doctor, Nurse, Admin, and Patient roles.

- Built a real-time appointment scheduling module using **ASP.NET Core** and **jQuery/AJAX**, reducing scheduling conflicts by over 95%.

- Designed and exposed a set of **RESTful APIs** using **ASP.NET Core Web API** to facilitate future integration with third-party lab systems and mobile applications.

- Managed all data persistence using **Entity Framework Core** with a focus on data integrity.

Technologies: C#, .NET Core, ASP.NET Core MVC & Web API, EF Core, MS SQL, Bootstrap, jQuery, xUnit.

Backend Developer | ERP System (Inventory & Supply Chain Module)
Independent Project | 4 Months

- Created a high-performance inventory tracking service using **C#** and **.NET Core** capable of handling thousands of SKUs.

- Optimized complex database queries using **LINQ** and **Entity Framework Core**, leading to a 30% improvement in data retrieval speed for large reports.

- Wrote extensive **unit tests** using **xUnit** to cover all critical business logic, ensuring system reliability.

- Designed the database schema for the inventory and procurement modules, ensuring normalization and integrity.

Technologies: C#, .NET Core, ASP.NET Core Web API, EF Core, MS SQL Server, xUnit, Git.

CERTIFICATIONS

.NET Specialist Certificate
Provider: Microsoft MVP Program

Issued: [September, 2024]

A prestigious certification awarded by a recognized Microsoft MVP, validating expert-level skills in designing and building enterprise-grade applications using the modern .NET platform.

EDUCATION

BSc (Physics)
[Bharathidasan University], [Tiruchirappalli, India]

[2016-2021]

PROFESSIONAL DEVELOPMENT

- Completed advanced courses in ASP.NET Core and Entity Framework Core.

- Participated in workshops on Clean Architecture and SOLID principles.

- Contributed to open-source projects on GitHub, focusing on .NET technologies.
